C's: there will be C level stations and megaroom materials. You are welcome to come as a participant or if you'd rather help man a room or an activity as a roving advisor...that's also encouraged...if fact, a mix of both is possible!!

Parents: We do these sleepovers at FMS for scouts, science fair, reading incentives and now pony club!! It's a BLAST!!! I need the following help from parents:

1. At least two more SVPC adults with me supervising at all times. You can sleep over or several parents can swap off shifts. We can't have the event without this coverage guaranteed.

Every guest club must have at least ONE parent on the grounds at all times. The med releases for your club are your responsibility.

2. Volunteers to organize, supervise & cleanup the pizza session at 6:00 (I will be setting up activities in other areas & need the dinner session covered),

3. Several extra parents to help with cleanup 8-9:30AM -( a church group comes in at 10AM and I'd like us to be cleaned up & cleared out by then!)

Attach another list if more space is needed.

Please give us the topic and a brief description of the activity your club will be bringing so we can allot space and resources. It can be ANYTHING!! It's fine if it duplicates ours because A) we like to see new and different versions of stuff and B) it will help spread the kids out more and C) practice, practice, practice!! :)
